FOR CIRCUIT JUDGE,
CHARLES H. HUSH,
OF CHRISTIAN.

FOR COMMONWEALTH'S ATTORNEY,
DENNY P. SMITH,
OF TRIGG.

Secretary of the Navy Moody is tired of being a cabinet minister and wants to retire.

What a pity the water going to waste in Kansas, cannot be saved for irrigation purposes two months hence.

Wireless messages were sent from Chicago to Milwaukee Tuesday. Edison has become associated with Marconi in his work of perfecting wireless telegraphy.

John Kendrick Banks has resigned as editor of the Metropolitan Magazine, a position that paid \$10,000 a year, and will write comic operas.

Dr. Jos. Sweeney arrived from California this week with the ashes of W. F. Norton, which he took to Russellville and deposited in an urn on top of the Norton monument.

At frequent intervals the pluvial tendency of circumambient clouds continues to make outdoor promenades somewhat disagreeable, or words to that effect.

June has so far been a month of horrors. Storms, floods and fires have destroyed hundreds of lives all over the country. And more disturbances of the same sort are predicted.

Judge Redwine has rescinded the order for a change of venue in the Jett and White cases and they will be tried at Jackson next Monday, with juries drawn from adjoining counties.

The remains of Superintendent B. F. Egan, of the Great Northern Railroad, who was lost in the mountains of Montana while hunting, November 4, were recovered Tuesday.

Labor disturbances in New York and Philadelphia have resulted in the loss of millions of dollars to workmen and capitalists. In Philadelphia, 40,000 textile operatives went on a strike for higher wages and shorter hours this week.

The Federal Court at Louisville has granted a perpetual injunction against James D. Wood, restraining him from interfering with the employees of the non-union mining companies in Hopkins county.

The Courier-Journal shows signs of returning reason in its fight on the chairman of the Democratic State Committee. It has discovered that "this dangerous concatenation" stand an "excellent chance to lose the election." Now if the Courier-Journal will climb down from its high horse, that has been making a record for kicking, and advise all Democratic candidates in Louisville to submit their claims to the lawful primary July 30, we may all be happy yet.

DISTRICT POLITICS.

Now that the nominations have been made in the Third judicial district, the question naturally arises, is there any likelihood that Judge Bush and Mr. Smith will not be elected? Under ordinary conditions the district is safely Democratic. The vote in the last general election was as here given, by counties:

	BRYAN, M'KINLEY
Calloway	2876 844
Christian	3264 4473
Lyon	1005 789
Trigg	1533 1455

Total 8,678 7,561

Democratic majority 1,117.

The party is stronger than it was in 1900 by several hundred votes. It will be seen that two-thirds of the Republicans in the district live in Christian and with these voters Judge Bush will be several hundred votes stronger than Bryan was. In fact the Republican vote is largely an independent vote and frequently, as in 1901, several hundred Republicans vote for popular Democrats. The normal majority that year was reduced to less than 200 votes in one race. A popular local candidate like Judge Bush will run far enough ahead of his ticket to supply any votes lost in other counties growing out of the throwing out of illegal votes in Trigg county by the district committee. It will be seen that Trigg county has only 78 Democratic majority and with 40 voters holding the balance of power, it is dangerous for Democrats to be threatening to bolt any part of the ticket. Any attempt to scratch Judge Bush on account of the troubles in Trigg county, will seriously endanger the success of the local ticket in that county. Fortunately it is five months till the election and there is ample time for the soreness to disappear and for the nominees to unite in the work of harmonizing party differences. If the Republicans run a district ticket the Democrats will put out a strong local ticket in Christian county and make a fight for the county, perhaps along the same lines that came so near succeeding two years ago. In such an event, it is believed the Republican majority could be wiped out and Bush's victory turned into a landslide. Democrats are already looking around for their strongest men to put forward for circuit clerk and representative. If the Republicans invite a contest of this sort, there will be some warm politics between June and November in Christian county.

The Paducah Register makes a false statement in the news columns of the Courier-Journal a pretext for saying some unkind things about the editor of the Kentuckian. Among other things it is charged that "Hendrick was betrayed and thrown down" in Judge Bush's interest. No one knows the falsity of this charge better than Col. Hendrick himself, who voluntarily retired from the race for Governor after his friends had told him candidly the condition of his organization and the certainty of his defeat under conditions known to exist. He gave his own reasons in his own language when he withdrew from a hopeless contest.

Latham, Alexander & Co., New York, have compiled their annual statistics on the cotton crop. The total estimated cotton acreage for 1903 is 272 per cent, or 737,878 acres more than last year's, and the average planting of the crop is about 15 days later than normal. The crop is nowhere in as promising a condition as this time last year.

The injunction case of M. W. Neal and others vs. Allie W. Young and others, growing out of the primary election held in Louisville in defiance of party authority, was called Monday and continued until yesterday, owing to the inability of Chairman Young to be present. The case will probably be passed upon this week.

There are now two announced candidates for prison commissioner, McDonald, of Calloway, and Sullivan, of Woodford. Representative R. B. Bradley, of Hopkins county, is also understood to have his eye on the place.

The eight hour law passed by the last territorial legislature, has gone into effect in Arizona.

The Glasgow Times sounds a note of warning that the election this fall is not to be a walk-over.

In Memoriam.

The old saying, "Death loves a shining mark," was fully illustrated on May 27th, 1903, when Carrie King Doyle passed from earth to Heaven.

When she left us just eight short months ago a happy bride, little did we think she would be brought back to us a corpse.

We have surely missed her heretofore, but now to know we will never see her more, will no more hear her merry voice, and to know her place is vacant forever is very, very sad.

What hopes and possibilities lie shrouded in that tomb! But God, who knows the future as well as the past and present, and who makes no mistake, has called for his own. When we see cut down that divine work, a young Christian woman, full of vigor, innocence and purity, with the understanding to know, the heart to feel and the will to do, it teaches us stronger than ever God's ways are not our ways. We must comfort ourselves by remembering there is no good word, good deed, good life like this one, but makes its impress on the world.

Always merry and bright, quick at repartee, kindly disposed, Carrie was a universal favorite, and touching indeed was it to see the grief of her friends grouped about her casket mingling their tears with the heart broken family. A devoted daughter and sister, a noble Christian, faithful to her church and any obligation she undertook, making one of the finest officers our Grange ever had, all this and more was our Carrie.

The remains were carried from the train to the Methodist church where her former pastor, Rev. Cashman, delivered a beautiful and impressive discourse. After which the body was followed to its last resting place by a long procession of sympathizing friends.

The pall-bearers were her schoolmates and friends of her old home.

The floral designs were many, beautiful and appropriate; and now sorrowing husband our hearts go out to you, may God pity you in his infinite love and mercy in such sorrow and come and abide with you forever. Then you will know it is his voice which says, "I love you, pass under the rod."

Heart-broken "daddy" and mother and brother, Jesus has said, "where your treasure is there will your heart be also." Was not this dear, sweet girl your treasure? She is in Heaven and time is passing; ere long the shadow which sits by the pathway waiting will take you as it took dear Carrie. No need to ask then "Will any one then at the beautiful gate Be waiting and watching for me?" A Friend.

A Frightened Horse.

Running like mad down the street dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable Salve handy and there's none as good as Bucklen's Arnica Salve. Burns, Cuts, Sores, Eczema and Piles, disappear quickly under its soothing effect. 25c. at R. C. Hardwick's drug store.

There is a good deal of speculation as to whether or not the Republicans will run a ticket in the judicial district against Judge Bush and Denny Smith. Judge Jas. Breathitt, who has been spoken of as a probable candidate for judge, is quite likely to be on the Republican state ticket.

Out of the eighteen candidates voted for in the judicial election in Chicago Tuesday, the Democrats elected fourteen and the Republicans four. A light vote was cast, owing to the weather, and straight tickets were few and far between. Among the defeated Republicans was Judge E. Ilanecy, a close friend of Congressman Lorimer.

SOCIAL SENSATION.

Miss Maggie Lyle Sues Dr. R. B. Usery for \$10,000.

Damages Asked For Breach of Promise of Marriage—He Married Another Girl.

Clarksville, Tenn., June 2.—Suit has been instituted in the Circuit Court of Montgomery County against Dr. R. B. Usery by Miss Maggie Lyle for breach of promise, claiming damages to the amount of \$10,000. The suit will prove somewhat of a sensation on account of the parties concerned, who are highly respected citizens of the Seventeenth District.

Dr. Usery came to Clarksville on the evening of Thursday, May 21, and was married to Miss Buyde Allen, daughter of W. C. Allen, a well-known merchant of Shiloh. The announcement of their wedding was a great surprise to the friends of the contracting parties all over the county, for invitations had already been issued for the marriage of Dr. Usery and Miss Maggie Lyle, daughter of Henry Lyle, of the South Side. The announcement of the wedding had been made in the local papers, the bridesmaids and attendants had been selected and were preparing for the marriage, which was being looked forward to as one of the social events of the season.

The declaration in the suit has not yet been filed, and will probably not be until a few days before the time for convening the next term of the Circuit Court.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by R. C. Hardwick, druggist. Price 50c and \$1.00. Trial bottles free."

INCREASED THEIR PAY.

Changes in Salaries of Kentucky Postmasters.

The following changes in the salaries of Kentucky postmasters have been announced:

Central city, from \$1,200 to \$1,300; Bowling Green, from \$2,400 to \$2,500; Bardonia, from \$1,500 to \$1,600; Ashland, from \$2,400 to \$2,500; Bardwell, from \$1,000 to \$1,100; Campbellsville, from \$1,100 to \$1,200; Carrollton, from \$1,500 to \$1,600; Catlettsburg, from \$1,700 to \$1,800.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c. at Hardwick's drug store.

Farmer Struck by Train.

Guthrie, Ky., June 2.—George Bridwell, a farmer, of near Green Briar, Tenn., was knocked off the track by the southbound local last night about a mile north of this place and several injured, receiving several bruises about the head, a broken rib and leg. He was sitting on the track. He is about thirty-five years old and a man of family.

Bids were opened in Washington Wednesday for the construction of the battleships Minneapolis, Vermont and Kansas, which are to be the most powerful vessels of the United States navy, costing more than \$4,000,000 each.

The Elktion Progress has abandoned the semi-weekly issue and will hereafter issue a weekly on Wednesday.

Teachers Election.

The Public School Board will meet to-night for the annual election of 21 teachers. With one or two exceptions, all of the old faculty are expected to be applicants for re-election.

His Last Hope Realized.
(From the Sentinel, Gales, Montana.)

In the first opening of Oklahoma
to settlers in 1889, the editor of this
paper was among the many seekers
after fortune who made the big race
one fine day in April. During his
traveling about and afterwards his
camping upon his claim, he en-
countered much bad water, which,
together with the severe heat, gave
him a very severe diarrhoea, which
it seemed almost impossible to
check, and along in June the case
became so bad he expected to die.
One day one of his neighbors
brought him one small bottle of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy as a last hope.
A big dose was given him while he
was rolling about on the ground in
great agony, and in a few minutes
the dose was repeated. The good
effect of the medicine was soon no-
ticed and within an hour the patient
was taking his first sound sleep for
a fortnight. That one little bottle
worked a complete cure, and he
could not help but feel grateful. The
season for bowel disorders being at
hand suggest this item. For sale

etrates to the nerve and bone, and
being absorbed into the blood, its
healing properties are conveyed to
every part of the body and effect
some wonderful cures. Mr. D. F.
Moore, agent Illinois Central rail-
way, Milan, Tenn., states: I have
used Ballard's Snow Liniment for
rheumatism, backache, etc., in my
family. It is a splendid remedy.
We could not do without it." 25c,

Diarrhoea Remedy.**

The uniform success of this rem-

preparation in use for bowel com-
plaints. It is everywhere recog-
nized as the one remedy that can
always be depended upon and that
is pleasant to take. It is especially
valuable for summer diarrhoea in
children and is undoubtedly the
means of saving the lives of a great
many children each year. For sale

FORECASTS FOR JUNE.

Much Rain Predicted and Several
Storms Scheduled.

Hicks sums up June weather as
follows:

High temperature with stormy
conditions from 3rd to 6th. Violent
thunder storms, accompanied with
hail, may be expected. Down-
pours of rain, amounting to cloud-
bursts in many localities, are more
than probable. Some very cool
nights will follow these storms. On
and touching the 9th and 10th, look
for reaction to storm conditions,
change to much warmer, falling bar-
ometer and more storms of rain,
thunder, and heavy squalls of wind.
The regular storm period covering
the 14th to 19th, will reach its
culminating stages about Wednes-
day, Thursday and Friday, the
17th, 18th and 19th. On and touch-
ing the 21st and 22nd, look for the
return of storm conditions, with re-
newed thunder and rain squalls,
and much harmless lightning at
night. The last week in June is
covered by a combined mercury
and volcanic storm period. About
the 25th it will turn exceedingly
warm, the barometer will fall and
persistent cloudiness and frequent
storms of wide extent and much
energy will mark the closing days
of the month.

RUSSIAN LAND REFORM.
Financial Embarrassment of Nobles
Helps the Middle Class.

Among the changes gradually com-
ing over Russia, says the London
Standard, none is more worthy of at-
tention than that of the rise of a mid-
dle class whose growth is, of course,
at the expense of the "nobility," or
land-owning class. In the manufac-
turing centers this change has been
pretty rapid and is now extending to
areas whose consequences are not de-
pendent upon manufactures. In the
recent list of estates put up for sale
for arrears of debt upon money lent
by the state to the nobility for the
improvement of their property we
find the Volga provinces showing
more the same tendency as those of
St. Petersburg and Moscow. Al-
together in the provinces about the
Volga something like 1,400 acres of
nobles' land are advertised for auc-
tion. In other words, in half dozen
provinces of European Russia, more
devoted to agriculture, an area of
2,300,000 square miles is the aggre-
gate is passing into the hands of the
newly-forming middle classes. This
is equivalent to the entire province of
Lorraine, or more than three times
the size of the duchy of Saxe-Coburg
and Gotha. The largest area for sale
in any single province is in that of
Saratov, which was one of the chief
centers of the peasant rising last sum-
mer. In this province alone 300,000
acres are advertised for sale.

**Handsome Award to the Homeliest
Man in Christian County!**

The Kentuckian

Has inaugurated a Voting Contest to determine by a
popular vote of its subscribers the Ugliest Man in
Christian County, its own office force being barred. The
three prizes will consist of a gold watch, worth \$25,
to the first; a silk "plug" hat to the second and a
fine pocket knife to the third person. The votes
will be upon paid subscriptions to the Kentuckian, 20
votes for each dollar paid, and a coupon may also be
clipped from each copy of the Kentuckian, that will
be good for one vote. The judges of the election will
be named in time for the first official count. Begin
now to save your ballots, you will want them before
it is over.

Mexican Mustang Liniment
is excellent for Rheumatism and all deep-seated pains.

For Sprains and Strains

It is useless to apply a liniment that remains on or near the surface. On the contrary, they require something that goes down into the flesh where the trouble is located. That is why

Mexican Mustang Liniment

is the best thing to use for Sprains and Strains. It penetrates at once to where the injury lies, drives out the inflammation and heals the wounded tissues and tendons. Don't be stingy in using the liniment nor fail to rub it in as thoroughly as the directions will permit.

Mexican Mustang Liniment

is a good thing to have on hand when accidents happen.

POPULAR CERULEAN.

Season of 1903 Opened Yesterday With Flattering Prospects.

Cerulean Springs is now open to the public for the season 1903.

Since the close of last season the property has been incorporated under the name of Cerulean Springs Hotel Company. Mr. Ernest V. Podretling and disposing of his interest to W. H. Sims. The officers are Capt. R. S. Pool, President and General Manager; W. H. Sims, Secretary and Treasurer.

Cerulean Springs is located in Trigg county, on the Illinois Central railroad. It is one hundred feet above the road bed and one hundred yards West of the depot, on a high range of hills facing the East. From the veranda of the three stories there is a splendid view of the surrounding country.

The fame of these Springs dates back two centuries to aboriginal days. Long before the permanent settlement of the country and before any roads were established, Indian trails led away from the Springs in many directions. It was through the friendly red men that the curative properties of these waters were revealed to the whites.

Recently a new well 150 feet deep was bored in the front yard. The water found has fine mineral properties, is a splendid aperient and diuretic and has already established a reputation for the relief of kidney and bladder troubles.

A first-class orchestra has been engaged for the season. There is a good bowling alley, an elegant ball-room. A first-class livery stable will furnish visitors every facility for riding and driving. Trap and target shooting will furnish additional sources of amusement.

The date of the opening ball will be announced in a few days.

The services of Mr. Ed. Dabney, the popular and efficient young clerk of last season, have been secured for the present season.

The Hygiene of Old Age.

We look upon the aged with good reason as having a slender hold upon life, one that may be loosened by a slight shock of injury or disease which, in the young or middle-aged, would serve only as a stimulus to the reparative vital powers. This is a conservative theory, but it warns us to shield our loved ones who have fought the fight, from all influences which might shorten their stay with us. But we must not go too far in our solicitude, for injury may be inflicted and life shortened by coddling the old, almost as surely as by coddling the young. The vital processes in the aged are slow, but they are still existent, and they may be kept active by gentle opposition and stimulation, just as they may be increased in childhood and youth by rough methods. Dr. Caldwell's Syrup Pepsin and Herb Laxative Compound is a boon to the aged and infirm and probably no medicine has accomplished so much, or received as high or as many endorsements from men and women whose extreme age gives them a seemingly slender hold upon life. Dr. Caldwell's Syrup Pepsin makes perfect digestion and acts gently upon the bowels in an easy and pleasant manner. Tones up the entire system and prolongs life. Six and ten bottles at all druggists.

DAYLIGHT SPECIAL.

Illinois Central's Fine Train Between Chicago and St. Louis.

We are in receipt of a copy of a book that has just been issued by the Illinois Central railroad advertising that road's splendidly equipped Daylight Special train between Chicago and St. Louis.

The equipment, consisting of a buffet-library car, parlor car, complete dining car, free reclining chair car and day coach, has not only been constructed new throughout, especially for this service, but it has been made a "Handsome Train," both outside and in. Every comfort, convenience and appliance known to the modern car builder's art is embodied in the make-up of the train, and in decorative features it is up to the very highest standard of refined taste. This Daylight Special, day train, is a companion to the Illinois Central's night train, the Diamond Special between Chicago and St. Louis. Those who travel between those two great cities should try the Daylight Special, as it would be a revelation to travelers.

*Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

BACK PAINS.

City Constable West Tells Hopkinsville People How to be Rid of Them.

Back pains are the protests of bad kidneys. They point to inflamed and diseased conditions in those organs. Dangerous to neglect it. Easy to ward off diabetes, Bright's disease and dropsy. A Hopkinsville official who has found the means tells about it.

W. H. West, stock raiser, City Constable and Collector, living at 849 W. 7th St., says: "I suffered for years with kidney and bladder troubles, and in consequence was subjected to a great deal of pain. There was a heavy dull aching in the small of my back over my right hip and shoulder when I would stir around or remain long on my feet. The difficulty with the kidney secretions annoyed me at all times. They were scanty, irregular, and the passages were accompanied with a burning sensation. I heard so much said about Doan's Kidney Pills that I got a box at Thomas & Traders' drug store and gave them a trial. I found that they benefited me in every way, so much so that I have taken the opportunity on several occasions to recommend them to my friends, and will continue to do so. You may refer to me as having used the pills with good results, and I hope that it will be the means of relieving others who may be suffering from that common complaint, kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

The third State Commercial Convention at Louisville this week was attended by 200 delegates. A number of interesting topics were discussed. One of the best addresses was by Mr. C. M. Hanna of Shelby county, on Agriculture. Mr. S. N. Leonard, of Eddyville, discussed "Kentucky Iron." Col. S. S. Savage was chairman of the convention.

"New Hope for Consumptives" is the title of an important series of papers in the Review of Reviews for June. Mr. Day Allen Willey describes "The Outdoor Treatment of Tuberculosis" as applied in various sanatoria in this country and abroad; Evelyn Mae Hart offers practical suggestions to the consumptive patient under the title "How to Live Out of Doors." Mr. Francis S. Knicker describes "The Consumptive's Chances in Colorado," and Mr. Charles H. Johnson gives an account of New York's "Fight Against Tuberculosis." The purpose of these articles is to show what is to be accomplished in public institutions and by private initiative along the lines of modern methods, especially the fresh air cure.

FIRED BY LIGHTNING.

Peacher Mills Struck and Destroyed—Other Damage.

During the heavy rain storm Monday, lightning struck the telephone in the Peacher Mills store. The coal oil tank near by was set afire and in a few moments the entire building was ablaze. The store and its contents were destroyed. The loss is about \$4,000, fully insured. The same stroke that hit the store, which came in on a wire, followed the wire to the mill about 150 yards away and set that building on fire also. The flames were extinguished, however, before much damage was done to the mill.

EVERYTHING IN READINESS.

Prospects Flattering for Grand Time at Roaring Springs.

Everything is in readiness for the Old Time Fiddlers' entertainment at Roaring Spring next Monday night and the prospects are very flattering for a great contest. A large number of performers have been invited and the most of them will attend. Secretary Rascoe has a good list of prizes and those who win will be presented with valuable gifts. Performers will be expected to play old time pieces exclusively and there will be playing by quartets, quintets, bands, single hand, etc.

Roaring Spring people never do anything by halves and musicians who participate in this contest will be royally entertained during their stay at that place. The contest will begin promptly at 8 o'clock p. m. and as the program arranged for the occasion is a lengthy one, about two hours will be consumed in rendering same. Several fiddlers of the "old time variety," of this city, will attend.

John T. Goode, Liveryman. Mr. John T. Goode, the South Main street liveryman, has recently purchased a number of good horses and new vehicles and is now prepared to cater to the commercial men. Give him a call and he will treat you right. His rates are most reasonable and he solicits a share of public favors, promising best service at prices to suit all. See his advertisement which appears in this issue of the Kentuckian.

Mrs. Rebecca Cope, of Springfield, Mo., is a guest of Mrs. R. H. DeTreville.

Misses Geneva and Mary Pruitt, of Owensboro, are visiting Miss Mattie Bell Edmundson.

Miss Nettie Shanklin, who taught school at Howell the past session, has returned home.

Mrs. Thos. W. Loog has gone to Dawson Springs to spend a few days.

Miss Mary McAlister, of Trigg county, is visiting the family of her brother, Mr. J. S. McAlister.

Miss Verna Alexander, of Paducah, is visiting her sister, Mrs. W. A. Cantrell, on South Campbell street.

Mr. W. F. Spoehr, traveling passenger agent of the "Texas" railroad, was in town yesterday advertising a new passenger service on his road between Evansville and Cloverport, connecting at Henderson with both the L. & N. and I. C. roads.

Dividend No. 1.

The Board of Directors have declared a dividend of four per cent. (4 per cent.) for the six months ending May 30th and the same is payable on demand at the office of the company.

Acme Mills and Elevator Co., J. B. Galbreath, Sec'y and Treas. June 1, 1903.

There is no lack of variety in the make-up of the June Review of Reviews. Aside from the interesting editorial comment on current events, there are four important illustrated articles on the latest methods of treating consumption, emphasizing the open-air treatment especially: an article on "The Renaissance of Nonconformity in England," by W. T. Stead; a paper apropos of the Wesleyan anniversary, by Dr. J. M. Buckley; a sketch of the late Governor Ramsey, of Minnesota, by Warren Upham; an account of the Government's experiments in "Forest-Making on Barren Lands," by Charles M. Harger; "An American's View of Patagonia," and briefer articles on "The College of the City of New York and Its New President" and "The Well-Governed District of Columbia." There is also a resume of the report of the Mosely commission of British trade-unionists on American industrial conditions, showing why our manufactures are winning in the race with those of England. The number concludes with an interesting review of "The Oldest Code of Laws in the World,"—those promulgated by Hammurabi, King of Babylon, B. C. 228-2232, and recently translated by C. H. W. Johns.
